

GAURAV SRIVASTAVA

Senior Mobile Application Developer | Flutter | Android | Kotlin | React Native | Clean Architecture

Lucknow, Uttar Pradesh, India | +91-8303724849 | Srv.gaurav.100@gmail.com | linkedin.com/in/gaurav-srivastava-0a5a2317b

PROFESSIONAL SUMMARY

Senior Mobile Application Developer with 7+ years of experience and 15+ production apps delivered across Android and cross-platform environments using Flutter, Kotlin, Java, and React Native. Owns the full mobile application lifecycle, from requirement analysis and architecture design through testing, release, and post-production support, for enterprise clients including H&M (Singapore), UAEIAA, Lovpipo, and Every Nation Church (Singapore). Builds scalable apps on MVVM and Clean Architecture with RESTful APIs, Firebase, payment gateways, and CI/CD pipelines. Brings hands-on AI integration experience with Google ML Kit, TensorFlow Lite, and Gemini/OpenAI APIs, and leads Agile/Scrum delivery while mentoring junior developers.

CORE COMPETENCIES

Mobile Application Development | Android Development | Cross-Platform Development (Android & iOS) | MVVM & Clean Architecture | RESTful API Integration | Full SDLC Ownership | Release Management | Performance Optimization | Code Review & Debugging | Agile & Scrum Delivery | Team Leadership & Mentoring | Stakeholder & Client Management

TECHNICAL SKILLS

Languages: Dart, Kotlin, Java, JavaScript, TypeScript

Mobile Development: Flutter (Android, iOS, Web, Desktop), Android Native, Jetpack Compose, React Native

Architecture: MVVM, Clean Architecture, MVC, Object-Oriented Programming (OOP)

State Management: BLoC, Provider, Riverpod, Redux, MobX, ViewModel

Android: Jetpack Components, Coroutines, Retrofit, Hilt, Dagger, Room Database, WorkManager, Material Design 3, Android Studio

React Native: Expo, React Native CLI, React Navigation

Backend & APIs: RESTful APIs, Third-Party SDKs, Payment Gateway Integration, Push Notifications, Real-Time Data Sync

Cloud: Firebase, AWS, Azure

Testing & CI/CD: Unit Testing, Widget Testing, Integration Testing, Fastlane, Codemagic, GitHub Actions, Git, GitHub

AI & Machine Learning: Google ML Kit (OCR, Barcode Scanning, Face Detection, Image Labelling, Text Recognition), TensorFlow Lite, Google Gemini API, OpenAI API, GitHub Copilot

Methodologies: Agile, Scrum, Kanban, Sprint Planning, Backlog Grooming, Continuous Delivery

Reporting & Productivity: Power BI, Power Automate

KEY ACHIEVEMENTS

- Delivered **15+ production mobile applications** over **7+ years** across 4 organizations, spanning Android, iOS, and cross-platform environments.
- Served enterprise clients in **2 countries (UAE and Singapore)** across retail, e-commerce, education, fintech, and non-profit sectors, including H&M (Singapore).
- Designed MVVM and Clean Architecture foundations that reduced code duplication and improved long-term maintainability across multiple product lines.
- Led Agile/Scrum ceremonies for multiple Scrum teams, improving delivery predictability, and consistently delivered multi-component projects on time and within budget.
- Shipped AI-powered features in production apps: on-device ML with Google ML Kit and TensorFlow Lite, and AI chat interfaces with Gemini and OpenAI APIs.
- Proficient in **5 languages** (Dart, Kotlin, Java, JavaScript, TypeScript) and **3 mobile frameworks** (Flutter, Android Native, React Native).

PROFESSIONAL EXPERIENCE

Senior Software Developer | Intelloger Technologies Pvt. Ltd.

Dec 2023 – Present

- Develop and maintain enterprise mobile applications using Flutter, Kotlin (Android Studio), and React Native for 4+ large enterprise accounts across Android and cross-platform environments.
- Architect scalable applications on MVVM and Clean Architecture, reducing code duplication and improving long-term maintainability across multiple product lines.

- Integrate RESTful APIs, third-party SDKs, Firebase services, payment gateways, push notifications, and real-time data sync across all delivered applications.
- Own the complete mobile lifecycle: requirement analysis, development, testing, deployment, release management, and post-production support.
- Deliver large, multi-component projects involving cross-company product integrations, consistently on time and within budget.
- Lead Agile/Scrum ceremonies (sprint planning, stand-ups, code reviews, retrospectives) for multiple Scrum teams, improving delivery predictability.
- Mentor junior developers on Kotlin, Flutter, and Clean Architecture best practices, supporting their onboarding and technical growth.
- Work directly with clients and stakeholders to gather requirements and translate them into technical solutions aligned with business objectives.

Senior Software Developer | Singsys Pte. Ltd.

Feb 2022 – Feb 2023

- Led mobile application development for 3 enterprise clients: H&M (Singapore), Tourigo, and Lovpipo.
- Managed delivery end to end using Agile methodologies, from requirement analysis to release.

Android Developer | Ostron Electronic Pvt. Ltd.

Feb 2021 – Aug 2021

- Delivered 4 Android applications: Libra Pay, Greenfield School, Vasu Infra, and JustBue (e-commerce).
- Enhanced existing applications with new features to improve user experience and performance.

Android Developer | JSM Infotech Pvt. Ltd.

Jun 2018 – Jan 2021

- Developed 6+ Android applications using Kotlin, including Payment2All, FasterRecharge, Atmultiservice, Checkon, Nubiotech, and AGXL.

AI & MOBILE INTELLIGENCE

- Integrated Google ML Kit (OCR, barcode scanning, face detection, text recognition) and TensorFlow Lite for on-device inference in production mobile apps.
- Built AI-based chat interfaces using Google Gemini API and OpenAI API, covering prompt handling, streaming responses, and conversation history.
- Applied responsible AI practices (user consent, data privacy, content moderation); use GitHub Copilot and ChatGPT as AI-assisted development tools.

EDUCATION

Master of Computer Applications (MCA) | Babu Banarasi Das University, Lucknow | 2016

Bachelor of Computer Applications (BCA) | Babu Banarasi Das National Institute of Technology and Management, Lucknow | 2013

CERTIFICATIONS

- Android Developer | Cosmo Info Solution
- J2EE | Ducat Institute
- Power BI | Acterys
- Hardware and Networking | Jetking Institute
